Help CFSA REACH New Resource Parents

The CFSA resource parent recruitment team seeks your help in identifying DC residents who would make outstanding resource parents. The REACH Ambassador program equips CFSA staff and certain members of the public to help grow the community of CFSA resource families. Your input will help the REACH Team understand the existing resource parent network to effectively engage people who may be interested in welcoming a child into their home.

With your support, we know we can recruit more quality resource parents to provide loving homes for CFSA children and youth who need a temporary safe haven or a new forever family.

Older Youth Invited to Virtual CFSA Internship Meet & Greet

March 31, 11 a.m. – 12 p.m. | RSVP required

Youth in foster care ages 16-23 are invited to the Office of Youth Empowerment's (OYE) Internship Meet & Greet on Wednesday, March 31, from 11 a.m. to 12 p.m. OYE is partnering with DMV-area employers to create pathways to meaningful, paid work experiences and professional mentorship. Interns will receive a laptop, cell phone, personal protective equipment (PPE), and wages at $15/hour. Encourage your young person to register for the virtual event at bit.ly/CFSA_OYEinternship!

To Claim or Not to Claim? Tax Implications for Resource Parents

Payments from CFSA are excluded from income and should not be reported on a tax return; this also includes certain difficulty of care payments. Resource parents may claim a foster child if they pass certain tests, including the Citizen or Resident Test, Qualifying Child Test, Qualifying Relative Test, and Taxpayer Identification Test. Additionally, parents may deduct expenses that are unreimbursed, out-of-pocket costs to care for the foster child. Review this FAQ Sheet for more information.

Fostering Spotlight

Meet Isaiah
Isaiah is a lovable 11-year-old who brightens every room he enters. He enjoys being held, is easily engaged, and loves to laugh. When communicating, he expresses interest by moving back and forth. Because he is not able to verbalize his feelings, he has developed a unique form of communication and is a delight to be near.

Isaiah needs a forever family who can provide total care and adult support for his daily living activities. Medical knowledge and experience caring for children with special needs are ideal, but a family willing to learn how to care for Isaiah is most important. If you can picture welcoming Isaiah into your home, please contact Ms. Kim Walk at Kim.Walk@dc.gov.

Medication Management and Administration Policy
The medication management and administration policy was updated and reissued in August 2020. The primary changes to the policy are the inclusion of doctors of osteopathy, licensed nurse practitioners, and psychiatric mental health nurse practitioners as prescribers of psychotropic medications, as well as new contact information for the HSA on-call manager since the Healthy Horizons Assessment Center (HHAC) is no longer operating on a 24-hour schedule.

Please visit Program - Medication Administration and Management | cfsa (dc.gov) to learn more.
